

# Project Summary

## East Loddon Pipeline Project

---

CLIENT	Goulburn Murray Water
LOCATION	East Loddon, Victoria
PROJECT VALUE	\$9 Million

---

### Project Description

Hydraulic modelling, optimisation and detailed design of a 145 km DN 250 to DN 50 stock and domestic pipeline scheme, a pumping station and a 120 ML earthen storage basin. Works involved detailed civil, mechanical, electrical and telemetry design of pumping station and preparation of as-constructed information.

Facets of work completed include:

- Pipeline hydraulics and modelling
- Pipeline design and documentation
- Pump station design
- SCADA/Electronic control systems
- O&M Manuals
- Project management
- As-constructed documentation
